

# Model I-6500 <sup>1500 CFM Free Flow</sup> recirculating air purifier.

Commercial and light industry. Air purification systems

*The flexible air quality solution  
for commerce and light industry.*

Filter any combination of dust particles, chemicals, gases and microbiological toxins.

## Filters

- Particle and dust pre-filter.
- HEPA filters 99.97% efficient to 0.3 microns.
- Specially selected chemical and gas phase filtration for specific gas solutions.

## Blower assembly

- 2 speed blower. (1500 CFM Free flow)
- Factory balanced and tested to ensure quiet vibration-free operation.
- Vibration absorbing motor mounting.

## Control panel

- Recessed, designed for easy monitoring.
- 2 position on/off switch.
- Gauge for visual indication of filter pressure.
- 120 volts.
- Fuse protected.

## Cabinet

- Attractive powder coated steel cabinet.
- Non moving lockable 3" wheels for easy maneuverability.

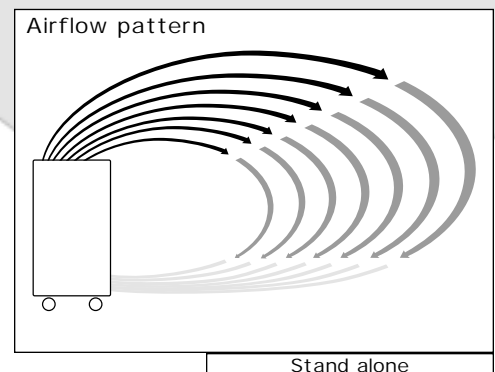

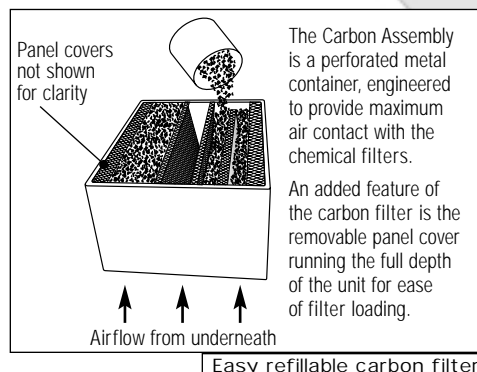

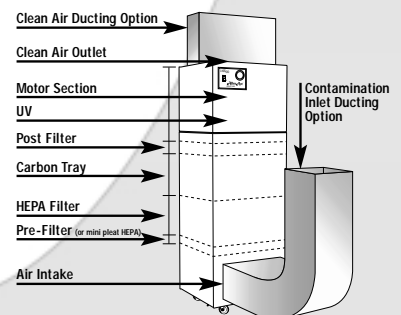

Model I-6500 A  
(1500 CFM Free flow)

Model I-6500 B and C  
(1500 and 730 CFM Free flow)

**AllerAir**  
Model I-6500 A  
69" x 21" x 24.5"  
Ducted System,  
Negative Air System or  
Positive Air System.

Heavy duty particulate and/or chemical odor solution

## I-6500 A

1500 CFM Free Flow

Standard Equipment

- HEPA 18.5" x 23.5" x 12"
  - Carbon, 80 lbs. gas phase adsorbent
  - Anti-microbial pre-filters
- \$ 3999.98**

Or \_\_\_\_\_

- Carbon, 160 lbs. gas phase adsorbent
- HEPA 18.5" x 23.5" x 2"

**\$ 4499.98**

Specialized adsorbents available (ask for cost)

Heavy duty particulate or chemical odor solution

## I-6500 B

1500 CFM Free Flow

Standard Equipment

- HEPA 18.5" x 23.5" x 12"
  - Anti-microbial pre-filters
- \$ 2999.98**

Optional Features

- Carbon, 2" pleat filter **3 for \$ 99.98**
- Granular carbon, 2" filter **\$ 199.98**

Or \_\_\_\_\_

- Carbon, 80 lbs. gas phase adsorbent
- Anti-microbial pre-filters

**\$ 3499.98**

Optional Features

- HEPA 2" mini-pleat filter **\$ 159.98**

Specialized adsorbents available (ask for cost)

Heavy duty particulate or chemical odor solution

## I-6500 C

730 CFM Free Flow

Standard Equipment

- HEPA 18.5" x 23.5" x 12"
  - Anti-microbial pre-filters
- \$ 2499.98**

Optional Features

- Carbon, 2" pleat filter **3 for \$ 99.98**
- Granular carbon, 2" filter **\$ 199.98**

Or \_\_\_\_\_

- Carbon, 80 lbs. gas phase adsorbent
- Anti-microbial pre-filters

**\$ 2999.98**

Optional Features

- HEPA 2" mini-pleat filter **\$ 159.98**

Specialized adsorbents available (ask for cost)

## I-6500 A

Discharge grille	
Model	I-6500 A
Dimensions:	Height: 70" Width: 21" Length: 24 1/2"
Voltage:	120/1/60
Maximum Power Consumption:	390 watts
Maximum Current:	5.4 amps
Approximate Weight	250 to 340 lbs. <small>(Depending on the filter configurations).</small>

NOTE:  
Carbon filter lid not in place for visual appearance.  
(You must attach lid to filter canister)

## I-6500 B and C

Model	I-6500 B & C
Dimensions:	Height: 48" Width: 21" Length: 24 1/2"
Voltage:	120/1/60
Maximum Power Consumption:	390 watts
Maximum Current:	5.4 amps
Approximate Weight	175 to 250 lbs. <small>(Depending on the filter configurations).</small>
